Notice board

can be organized with stretchable cords

Colours

Notice board frame

Stretchable cords

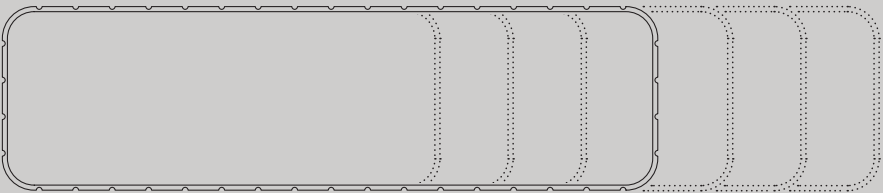

Cover fabric

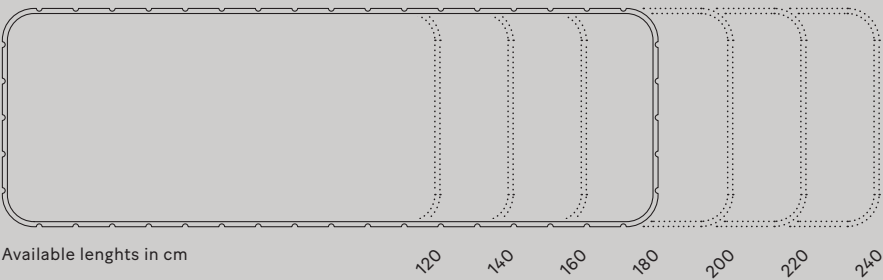

Selectable according to fabric collection, see pages 14/15

Sizes

Height: 50cm

Height: 60cm

Available lengths in cm

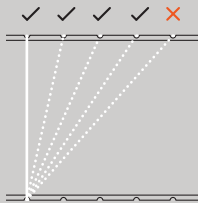

Materials

Notice board frame	Steel frame, matt powder coated
Notice board element	Melamine resin coated chipboard and softboard with fabric covering by Kvadrat or Camira
Stretchable cords	Braided rubber cord Ø 5mm with core made of natural rubber threads, polyester braiding in the covering and visible natural rubber threads on the outside

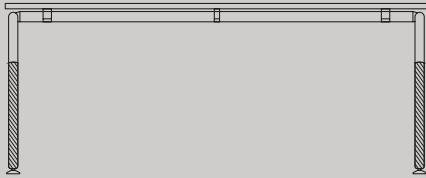

Important

When fully stretched, the cords will be under high tension, which, when suddenly released, can cause serious injuries. Therefore, please make sure that you only stretch the cords on a slant over a maximum of 4 notches on the notice board, in order not to exceed the permissible stress/strain ratio.

Tabletop

Selectable according to the Neudoerfler melamine collection

Materials

Tabletop	Melamine resin coated, edged quality chipboard 25mm thick
Frame / round steel tubing	Ø 40mm matt powder coated
Wood elements (frame)	Solid oak or walnut, matt varnished

Features

Table top available either with rounded corners (radius 80mm) or with rectangular corners.

Optimum cable management through cable duct in combination with sliding plate or fixed plate with cable outlets.

MyMotion table frame optionally available with solid wood elements or entirely of metal, and adjustable by means of 25mm level adjustment.

Since **wood** is a natural material, it is subject to variations on colour and/or grain.

Alternative design: Table frame Motion AD A-foot design with telescopic height adjustment from 640-820mm, without wood elements.
